Turn off electrical current at the source before working with any lighting fixture or portable lamp.

Install and use this product in adherence with local electrical codes and regulations.

## I INSTRUCTIONS

### I. Preparing for Installation

1. Secure the mounting plate to the junction box.

### II. Wiring the Fixture

1. Connect the fixture to a suitable ground in accordance with local electrical codes.
2. Connect the following wires and secure with a wire nut:
  - a) White input driver wire to the neutral power line.
  - b) Black fixture wire to the hot power line wire.
3. Tuck all wires into the junction box.

### III. Installing the Fixture

1. Place the fixture onto the mounting plate and secure it in place using the fixture screws.
