Safety Information

CAUTION-RISK OF FIRE

This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.

USE MINIMUM 90°C SUPPLY CONDUCTORS.

Turn off electrical current at the source before working with any lighting fixture or portable lamp.

Install and use this product in adherence with local electrical codes and regulations.

INSTRUCTIONS

I. Preparing for Installation

1. Secure the mounting plate to the junction box.

II. Wiring the Fixture

1. Connect the fixture to a suitable ground in accordance with local electrical codes.
2. Connect the following wires and secure with a wire nut:
 - a) White input driver wire to the neutral power line.
 - b) Black fixture wire to the hot power line wire.
3. Tuck all wires into the junction box.

III. Installing the Fixture

1. Place the fixture onto the mounting plate and secure it in place using the fixture screws.
