#### GENERAL PRODUCT INFORMATION:

These fixtures are intended to be installed utilizing NEC compliant junction boxes.

This product is safety listed for damp locations.

Incandescent version may be dimmed with a standard incandescent dimmer. LED version may be dimmed with a LED dimmer. Consult lamp manufacturer for additional information.

This instruction shows a typical installation.

#### CAUTION - RISK OF FIRE

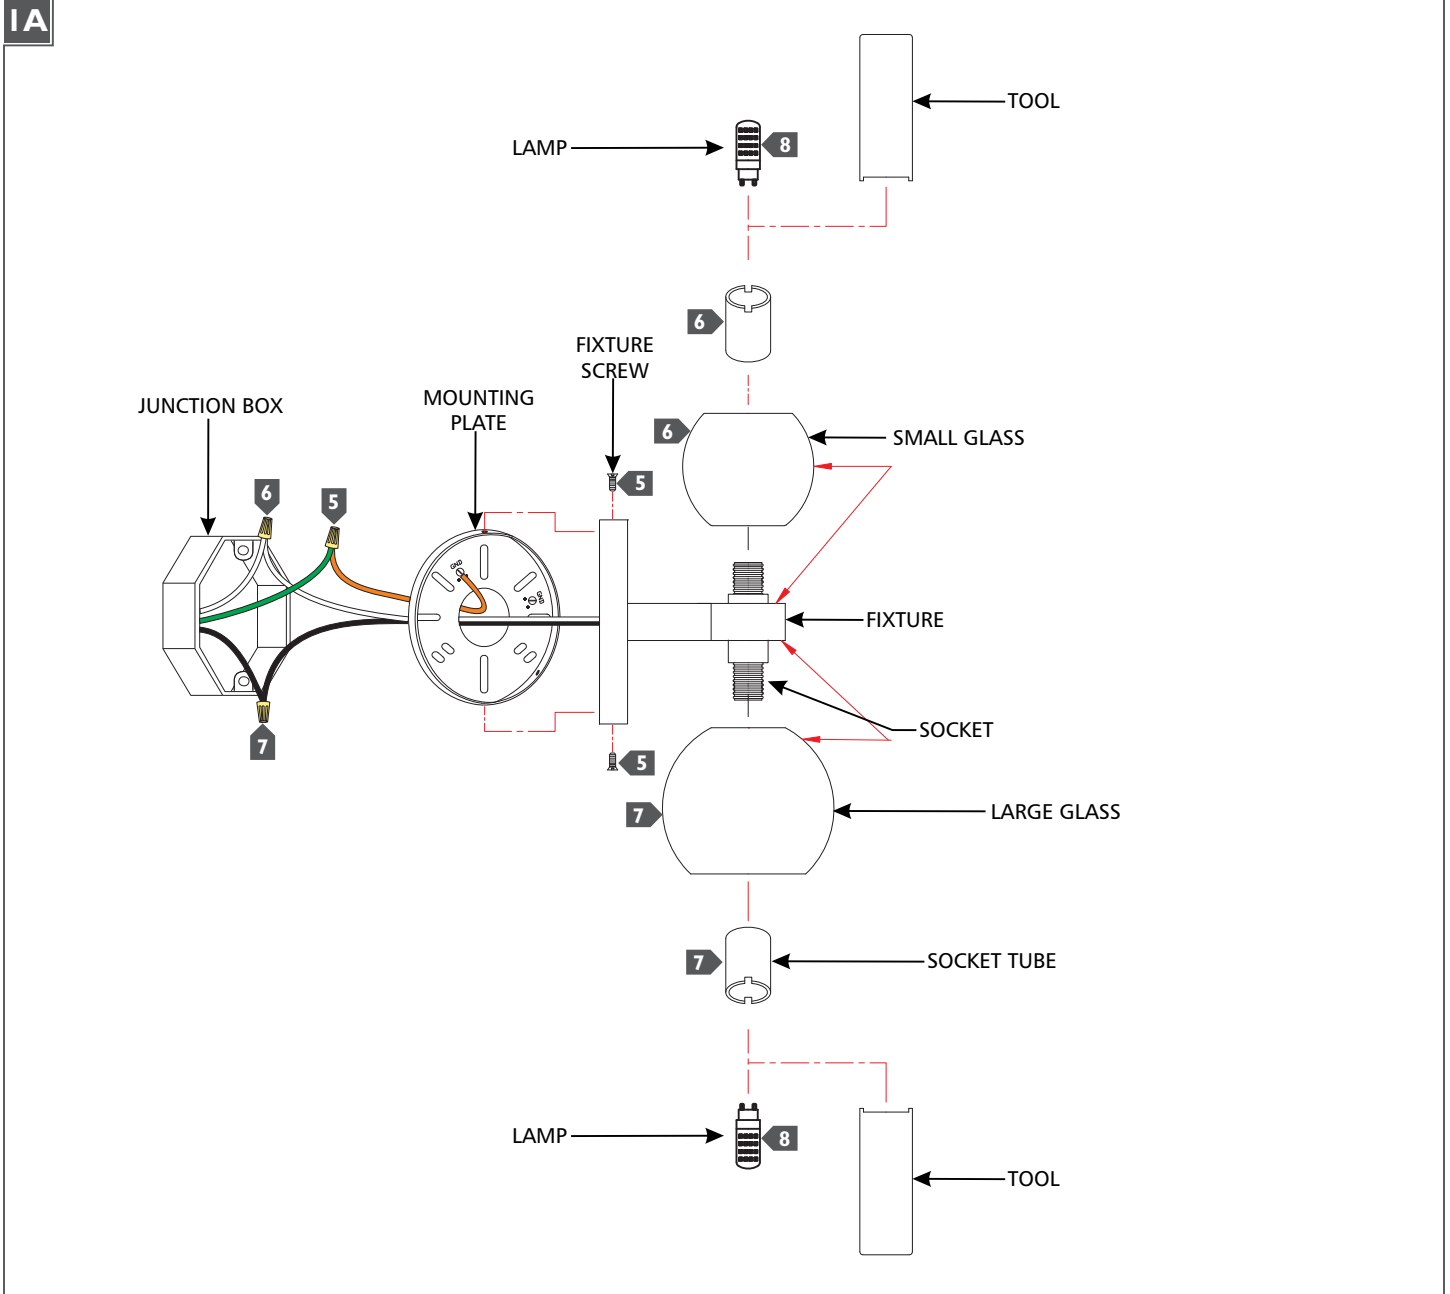

This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.

Use minimum 90°C supply conductors.

**SAVE THESE INSTRUCTIONS!**

# Install the Fixture

- 1** Secure the mounting plate to the junction box.
- 2** Connect the fixture to a suitable ground in accordance to local electrical codes.
- 3** Connect the white fixture wire (square and/or rigid) to the neutral power line wire with a wire nut.
- 4** Connect the black fixture wire (round and/or smooth) to the hot power line wire with a wire nut.
- 5** Neatly place all the wires into the junction box, place the canopy onto the mounting plate, and secure it in place using the fixture screws.
- 6** Install the small glass by carefully placing it on to the upper socket and secure it using a socket tube with the provided tool. Repeat for each upper socket
- 7** Install the large glass by carefully placing it on to the lower socket and secure it using a socket tube with the provided tool. Repeat for each lower socket.
- 8** Install the lamp(s) by completely inserting the lamp pins into the socket holes. Refer to the label on the lamp socket for Max Wattage Information.
